SUBJECT: Selection Recommendations - Announcement Number RTP-R4-MP-2014-0067

FROM: Gracy R. Danois, Chief  
Grants & SRF Management Section

TO: Becky Allenbach, Chief  
Safe Drinking Water Branch

On September 4, 2014, EPA posted a job announcement for two environmental protection specialist positions in the Water Protection Divisions, Grants & SRF Management Section. Three certificates were issued by the Shared Services Center containing three applicants at the GS-9 promotion potential; one applicant at the GS-11 promotion potential, and one applicant at the GS-11 level. Five of the six applicants (one withdrew from being considered for the position) were interviewed by a four member panel on October 14 and 17, 2014. The process used for the interviews was outlined in the September 29, 2014, memorandum to Natalie Ellington (see attached document).

After considering all the materials presented by the applicants and the results of the panel interviews, we are recommending the following candidates for consideration to fill the positions identified above. A short description of each of the candidates' strengths is provided for your information.
